Over My Dead Body (OMDB) Murder Mystery Events

Last updated: 04/03/2026

Updated by: S. Casciani Grond

Over My Dead Body (OMDB) is committed to making our murder mystery events as welcoming and inclusive as possible for all participants. Because our events take place in a variety of venues – including pubs, restaurants, private homes, corporate spaces, and event venues selected by clients – accessibility may vary depending on the location.

Our Commitment

We aim to create experiences that are enjoyable and inclusive for people of all backgrounds and abilities. We do our best to accommodate different accessibility needs wherever reasonably possible. If you have any accessibility requirements, we encourage you to contact us in advance so we can discuss options and help make the event as comfortable and enjoyable as possible.

Venue Accessibility

Many OMDB events are hosted in venues selected or arranged by the booking client, such as restaurants, pubs, private venues, or workplaces. In these cases, OMDB does not control the accessibility features of the venue.

Accessibility features may vary and may include factors such as:

- Step-free access or stairs;
- Accessible toilets;
- Lighting levels;
- Noise levels;
- Seating arrangements;
- Parking availability.

We recommend that clients confirm accessibility details directly with the venue when making arrangements. Where OMDB assists in reserving a venue, we will make reasonable efforts to consider accessibility where possible, but we cannot guarantee that all venues will meet every accessibility requirement.

Event Format

Our murder mystery events typically involve:

- Interactive storytelling and role-play;
- Conversation and group participation;
- Some movement within the event space;
- Use of props and printed materials.

Physical activity is generally light and can often be adapted if needed. Participants are always welcome to engage at their own comfort level.

Accessibility Requests

If you or someone in your group has specific accessibility needs, please contact us in advance where possible. This may include:

- Mobility access requirements;
- Seating considerations;
- Visual or hearing support needs;
- Neurodivergent-friendly participation preferences;
- Other access requirements.

We will do our best to make reasonable adjustments within the constraints of the venue and event format.
